Skills

Algorithms and Data Structures • C • C++ • Python • Git • Unix • Shell Scripting • TEX

Languages

Portuguese (Native) • English (Proficient)

Education

2023-2027	Bachelor's Degree in Computer Science, UFMG
2020-2022	Technical Degree in Informatics, CEFET-MG

Others

2022-2024	Brazilian ICPC Summer School 2022/2023/2024 - World Final Class, UNICAMP

Research

2023-present	Undergraduate Researcher, TREX/DCC/UFMG Member of the PetroIaGeo project, a partnership with Petrobras focusing on mathematical modeling in geosciences. Also engaged in parameterized complexity research.

Teaching and Problemsetting

dec. 2023	Teacher at the XXV OBI[1] Training Camp, UNICAMP
dec. 2023	Problemsetter for the Team Selection Test for IOI/OII[2]/EGOI 2024, UNICAMP

Selected Awards and Honors

mar. 2024	Silver Medal (7th place out of 40 teams), ICPC Latin America Championship
mar. 2024	Third Prize (14th place out of 100+ participants), Huawei Tech Arena 2024 LAC Challenge
oct. 2023	Silver Medal (5th place out of 64 teams), ICPC South America/Brazil Finals
oct. 2023	Silver Medal (7th place out of 1074 participants) OBI
sep. 2023	5th place (out of 687 teams), ICPC South America/Brazil Regionals
apr. 2022	Participant of the Team Selection Test for IOI/OII 2022
oct. 2021	Bronze Medal (32th place out of 7435 participants), OBI
